

PRODUCT INFORMATION SHEET

CarPlan Trade Valet Crystal Glass

Description:

CarPlan Trade Valet Crystal Glass contains specific agents that work quickly to dissolve grease, tobacco haze and other dirt, leaving a polished, streak free finish, both inside and outside of the car. Suitable for use via an application sprayer.

Directions For Use:

Add product to our specially designed Application Sprayer, for ease of use. Shake product well before use. Spray evenly on to the glass. Wipe over the entire surface. Buff off excess product with a clean, lint-free cloth, turning cloth frequently. May require repeat application for heavily soiled glass.
