

PRODUCT INFORMATION SHEET

CarPlan Trade Valet Hi-Foam Wash

Description:

CarPlan Trade Valet Hi-Foam Wash is the only product that creates a dense snow foam by hand washing & pressure washing alone. The active formula effortlessly removes all traces of traffic film, dirt & grease.

Directions For Use:

To Hand Wash:

Rinse off loose dirt with cold water. Pour 50ml of Hi-Foam Wash into a bucket then add clean, warm water. Apply Hi-Foam Wash all over car starting at the top. Agitate Foam Wash using a sponge or car wash brush. Rinse using clean water. Dry with chamois or microfibre cloth for shine.

To Jet Wash:

Rinse off loose dirt with jet washer. Add Hi-Foam Wash to the detergent section of your jet washer. Apply Hi-Foam Wash using high foaming jet washer attachments. Rinse off with clean water. Dry with chamois or microfibre cloth.
